## Thank Duck For That

Running a restaurant is not for the faint of heart. There's a lot to manage, always a fire to put out (sometimes literally), and fortune is never guaranteed. But we do it because we love it. We love food, we love drink, and we love making people happy

Deliveries are nothing new to us, we've been working with delivery partners for 6 years, and mastered the art of teleporting our menu piping hot wayyy back in the day. Also, Chef Hoong has put together a special menu that includes all your Duck and Rice favourites, so if you live within Zones 1-3ish it's time to start salivating
